EDUCATION

- Vasavi College of Engineering, Hyderabad** 2022-2026
Computer Science and Engineering CGPA/Percentage: 8.9

PERSONAL PROJECTS

- CampusConnect** January, 2025
An intuitive campus management app using **HTML, CSS, JS, Django, and DBSqlite**
 - Developed modules for issue reporting, lost-and-found management, project collaboration, and PeerTutor, offering an intuitive, responsive interface for academic support and team formation.
- Don't Pop The Duckie** December, 2024
A fun, interactive game built with **React, Phaser.js, and MySQL**.
 - An engaging game where players must avoid popping the duckie while navigating obstacles through 5 stages.
- Maximo - Your Productivity Companion** November, 2024
A comprehensive productivity management web application using **MERN Stack**
 - Featuring a Pomodoro Timer with 25-min work intervals and 5-min breaks, Eisenhower Matrix with 4 quadrants, milestone setting, and a personalized priority setter to enhance task management and user engagement.
- Artphoria** August, 2023
A vibrant web application for the art enthusiasts.
 - Efficiently employed **HTML, CSS, JavaScript, PHP, and MySQL** to create an e-commerce platform for **buying and selling art**, featuring **100+** art tutorials and a personalized notes feature with integrated frontend and backend functionalities.
